

Antimicrobial Polyolefin

AM/P2™

Coville's Authentic®

Coville's Authentic®

AM/P2™

Polyolefin fiber with antimicrobial protection

The anti microbial protection...

Is continuous.

**Is permanently engineered
into the fiber.**

**Guards spandex fibers against
mildew and mold damage.**

Can't wear off.

**Contributes to a cleaner, fresher,
more hygienic product.**

**Inhibits the growth
of odor-causing bacteria...
so it stays fresher longer.**

**The antimicrobial properties in AM/P2
polyolefin fibers are for the protection of
the end-use product only and do not
protect users against bacteria and fungi.**
